## **Vision & Mission of the school:**

**Vision-** “Quality education leading to holistic development” SPS Damla aims at nurturing individual with values and competencies. This aim is accomplished by virtue of a dynamic curriculum that envisions not only academic excellence but holistic development of the child.

### **Mission statement-**

- To provide holistic education to our learners.
- To equip them with 21<sup>st</sup> century skills
- To enable the students to discover their talent so that they may reach the highest possible standards in life.
- To make them responsible citizens

### **Goals to be achieved- Annual and Long term**

After consultation and discussion held for preparing the annual plan, the following goals have been drawn up.

- a) To design a comprehensive program for multiple intelligence that would be aligned to the vision of the school.
- b) To strengthen & empower children to build up their capacities in academics and other co curricular activities too.
- c) To involve parents in consultation to improve upon the quality of education.
- d) To incorporate 21<sup>st</sup> century skills in the teaching peering programme and co scholastics areas too.

e) To ensure the teacher training programmes to update the teachers about latest CBSE initiatives.

The goals developed on the basis of one vision & missions are designed to help the school continue in the pursuit of its excellence.

## **Culture of the school**

At SPS , Damla, we emphasise on creativity exploration, experiential learning and skills of expressing themselves through any at form.

- Well designed learning programme & value based education aligned with school curriculum & vision of the organization.
- Learner centric approach to education academic environment & progressive outlook.
- Integration of technology in education.
- Scientific temper is inculcated in each child through exploration, observation & discovery.
- Active Participation & consistent achievements in various sporting & skill based competitions.
- Focus on holistic development.
- Focus on value system, character building.

The school provides every opportunity to help students attain their full potential to evolve as responsible citizens.
