FROM PRINCIPAL'S DESK

The true purpose of education lies in preparing young minds to face the challenges of the future with wisdom, responsibility, and compassion. In this context, the integration of the Sustainable Development Goals into our school culture has been both timely and meaningful.

I have observed with great satisfaction how our students have gradually developed sensitivity towards issues such as environmental conservation, social equity, health, and responsible citizenship. Through consistent efforts and well-planned activities, the SDGs have become more than global goals—they have become values that guide daily choices and actions within our school.

Equally commendable is the commitment shown by our teachers, who have acted as mentors and facilitators, ensuring that learning remains experiential and purpose-driven. Their guidance has helped students connect classroom learning with real-life situations, fostering awareness, empathy, and leadership.

As we move ahead, our focus will remain on nurturing informed, confident, and socially responsible individuals. Let us continue to encourage inquiry, innovation, and collaboration so that our students grow into citizens who do not wait for change but become the change themselves.

Together, we step forward with hope and determination towards building a sustainable and inclusive future.

MRS. JYOTI NAGPAL SETHI
PRINCIPAL

THE TORCHBEARER

"The future depends on what we do in the present."

- Mahatma Gandhi

As we conclude this meaningful year, Nishchay E-Magazine stands as a reflection of a journey that began with a simple intention—to create awareness among students about the Sustainable Development Goals. Over the months, this initiative transformed into a powerful chain of sensitivity, where students not only learned but inspired others to think, feel, and act responsibly. What started as awareness gradually became action, ownership, and collective purpose.

Guided by this vision, the NISHCHAY for SDGs project evolved into a transformative learning experience. Students engaged deeply through thoughtfully designed activities aligned with Mission 2030. Energy Conservation Day came alive with a visit to a solar panel unit, offering firsthand understanding of renewable energy. On Kisan Diwas, students explored manure-making, nurturing respect for farmers and sustainable agriculture. Mathematics Day encouraged critical thinking through interactive games and quizzes. Values of harmony and compassion were celebrated during the Special Christmas Assembly, while Veer Bal Diwas instilled courage through soulful shabad recitation. The Annual Athletic Meet beautifully echoed SDG 3 and SDG 17, highlighting fitness, teamwork, and partnership.

As we bid farewell to 2025, we take pride in what we have achieved. With renewed aspirations, we step into 2026 with a promise—to work harder, dream bigger, and make this mission even more impactful.

NISHCHAY HEAD

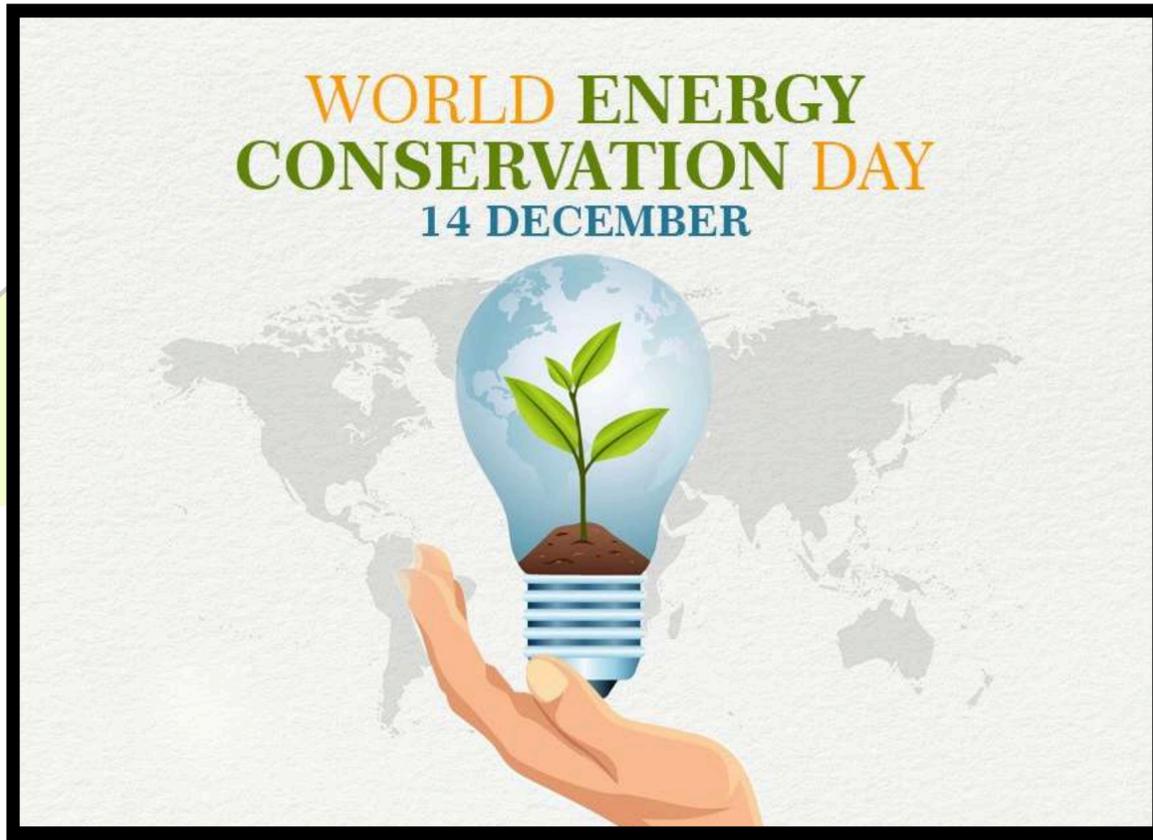

SPIRIT OF SPORTS

The Annual Athletic Meet of our school was celebrated with great enthusiasm, promoting SDG 3 – Good Health and Well-being through active participation and physical fitness. The event also reflected SDG 17 – Partnerships for the Goals, as students displayed strong teamwork and sportsmanship. With collective effort and determination, Shradha House emerged as the overall winner, highlighting the spirit of unity, cooperation, and a healthy lifestyle.

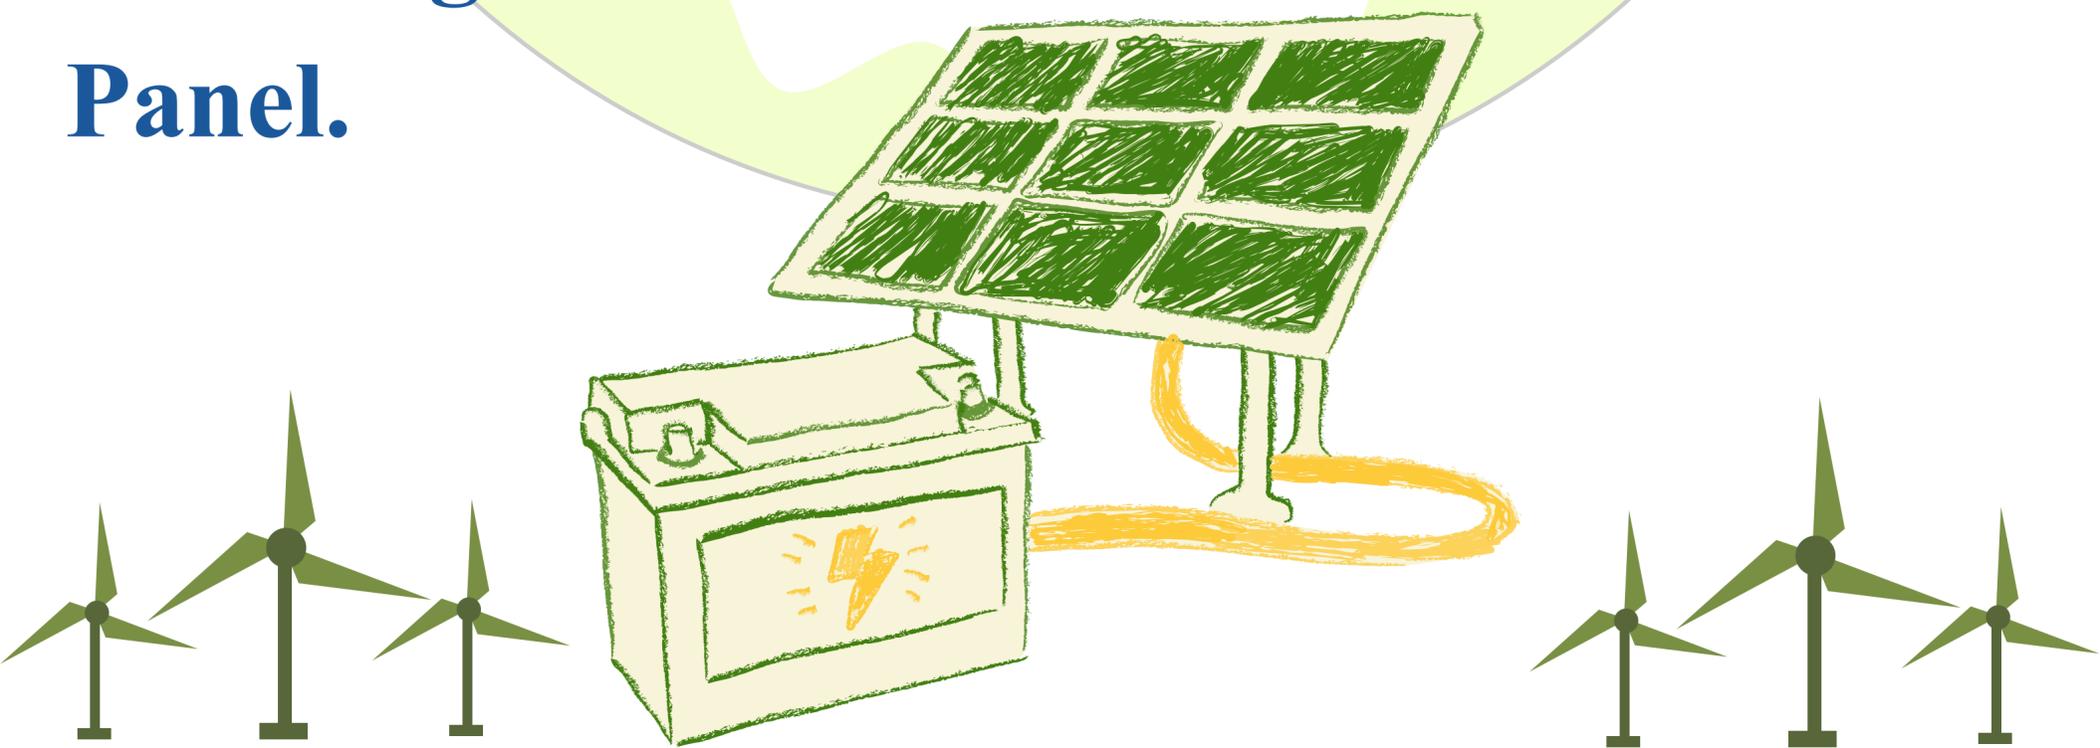

SWITCH TO SUSTAIN

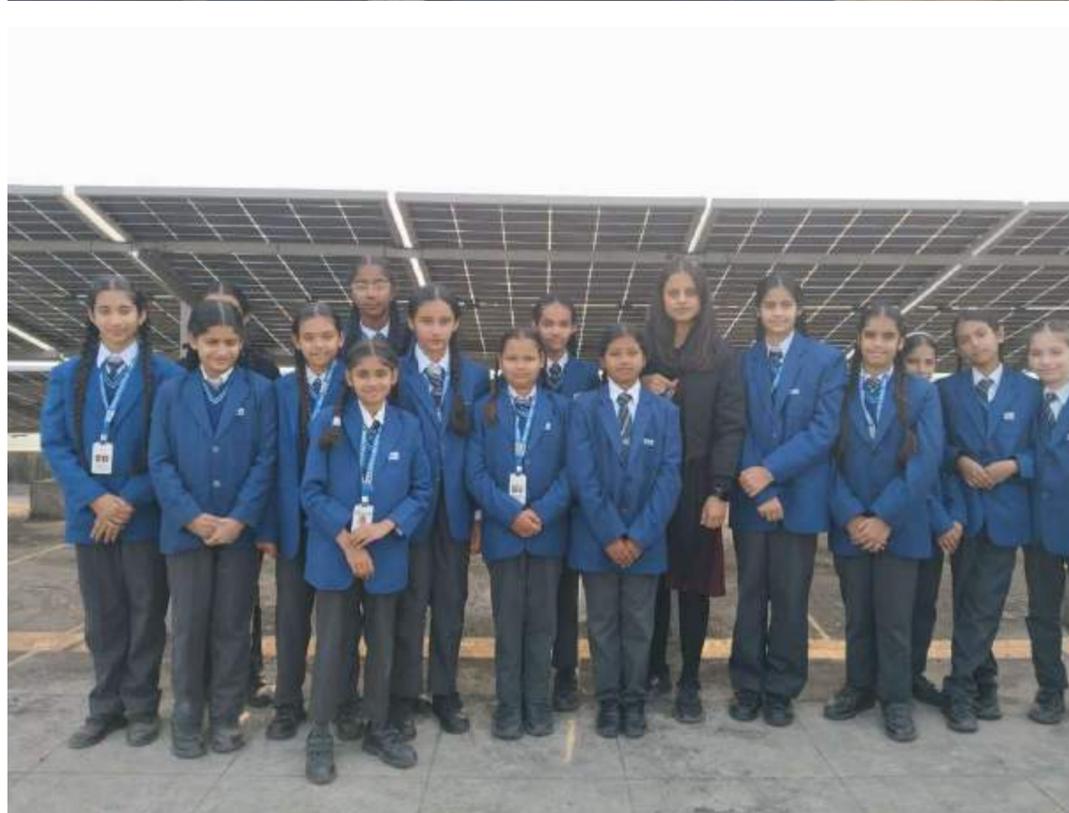

**SDG 7 : Affordable and
Clean Energy**

**Activity : Explanation of
Working of the Solar
Panel.**

**7 AFFORDABLE AND
CLEAN ENERGY**

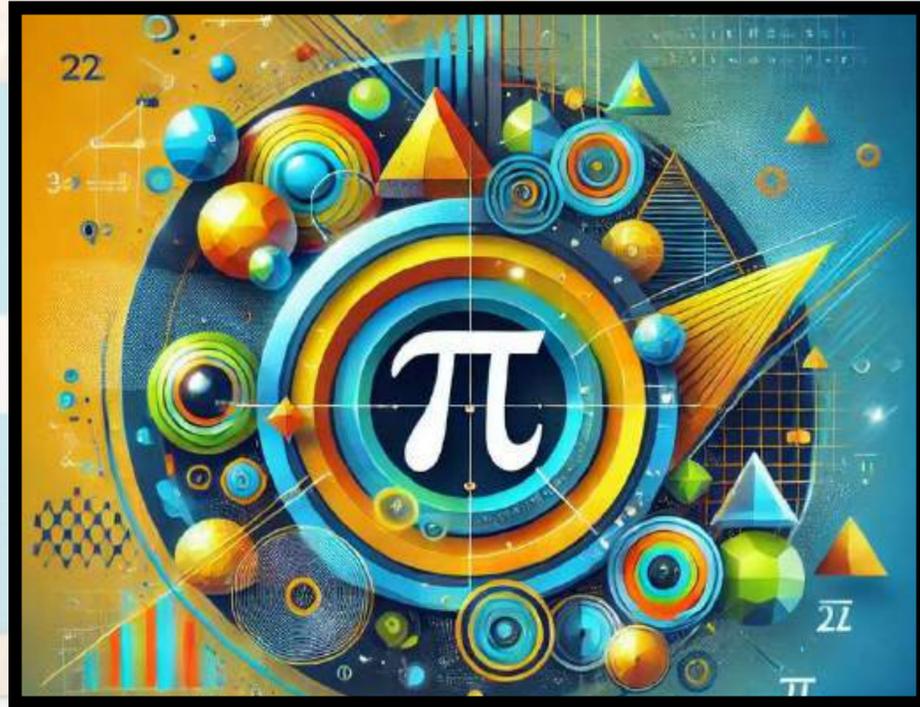

Marking Energy Conservation Day, students took part in an informative visit to a solar panel unit where they gained first-hand knowledge about renewable energy. They were explained the complete working process of solar panels, from absorbing sunlight to generating electricity. The visit highlighted SDG 7 – Affordable and Clean Energy, inspiring students to conserve power and work towards a sustainable future.

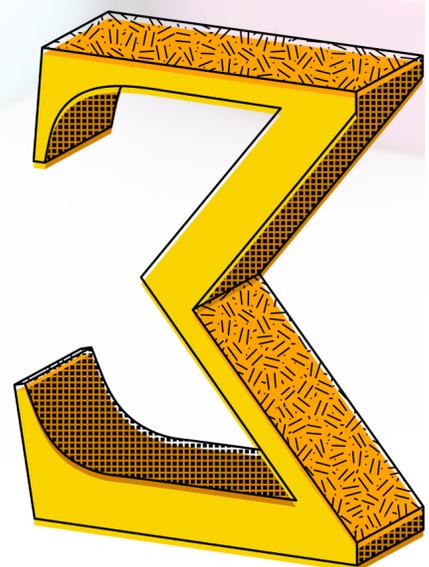

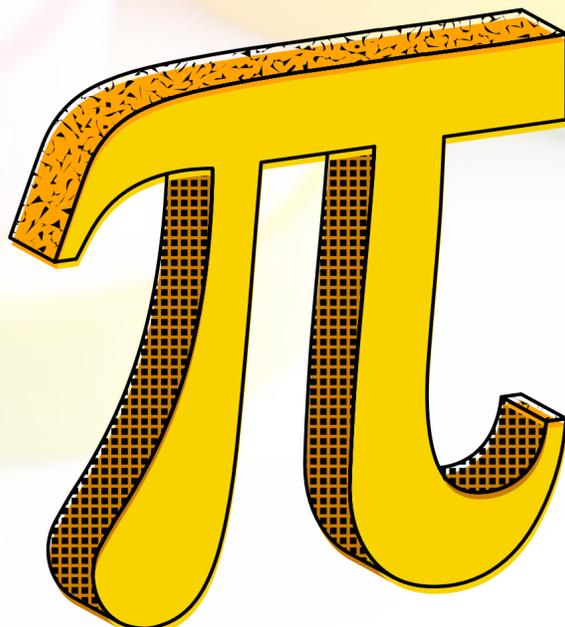

MAGIC OF MATHEMATICS

SDG 4 : Quality Education

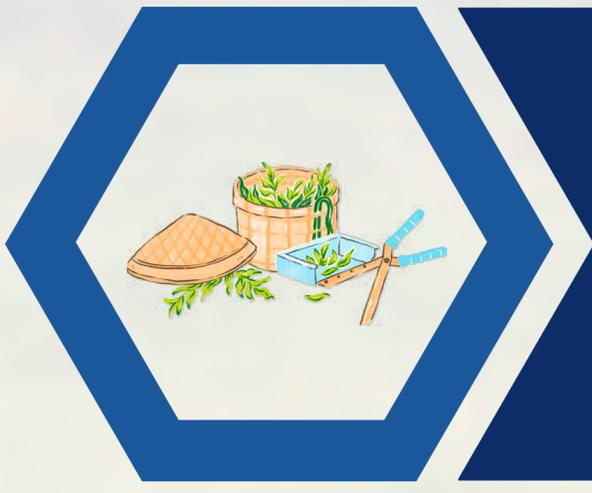

**Activity:- Maths Quiz &
Play**

4 QUALITY
EDUCATION

Celebrating Mathematics Day, the school organized an engaging Maths Quiz that tested students' logical thinking and problem-solving skills. This was followed by a creative skit during the morning assembly, highlighting the importance of mathematics in daily life. The activities supported SDG 4 – Quality Education by promoting inclusive, joyful, and effective learning beyond textbooks.

ROOTS OF INDIA

SDG 2 : Zero Hunger

Activity:- Detail Process of Manure Making

On Kisan Diwas, students were sensitised to the importance of agriculture through a detailed explanation of the process of manure making. They learned how organic waste is converted into natural manure and how it improves soil fertility and crop yield. The activity highlighted SDG 2 – Zero Hunger, promoting sustainable farming practices and fostering respect for the hard work of farmers.

SDG 11 : Sustainable Cities and Communities

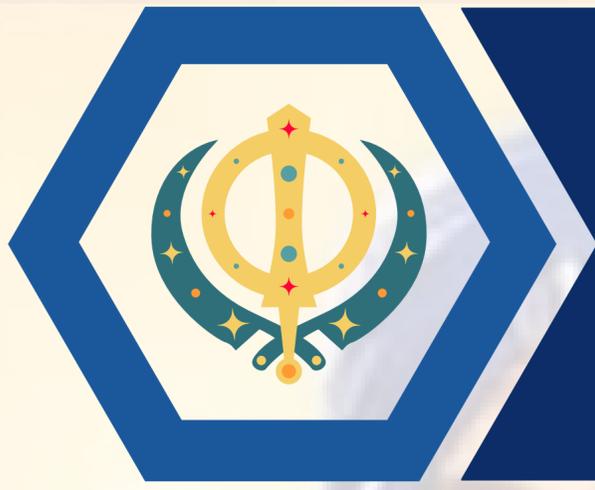

Special Assembly

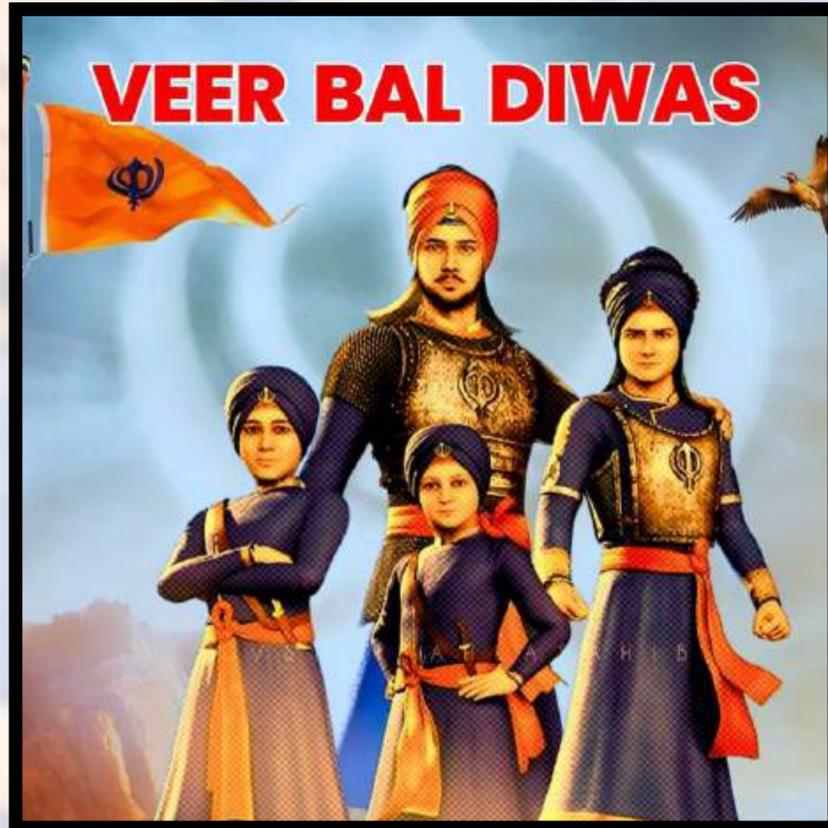

Celebrating Christmas, the school organized a special assembly filled with joy and festivity. Students presented a beautiful dance performance and sang a melodious Christmas carol, spreading the message of love, peace, and togetherness. The celebration reflected SDG 11 – Sustainable Cities and Communities by promoting harmony, inclusiveness, and shared cultural values, making the occasion memorable for everyone.

BRAVERY REMEMBERED

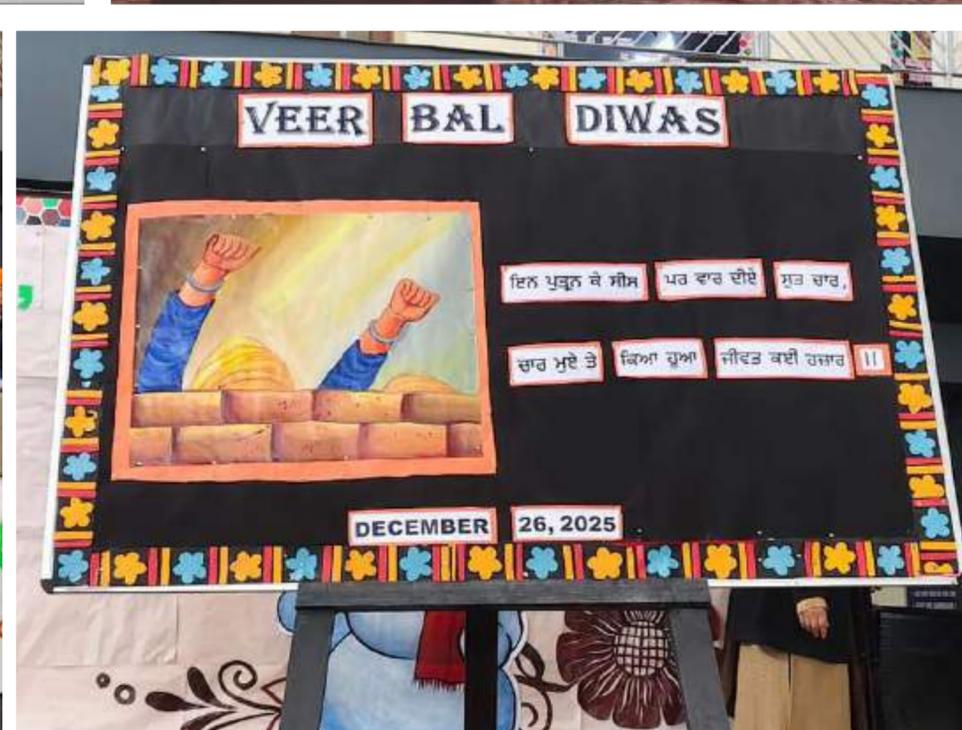

SDG 10 : Reduced Inequalities

Activity :- Shabad Recitation

ਵਾਹਿਗੁਰੂ ਜੀ ਦਾ ਖਾਲਸਾ, ਵਾਹਿਗੁਰੂ ਜੀ ਦੀ ਫਤਿਹ ।।

Our school solemnly observed Veer Bal Diwas to honour the courage and sacrifice of Sahibzada Zorawar Singh and Sahibzada Fateh Singh. The morning assembly resonated with devotion as a Shabad was beautifully rendered, creating a spiritual atmosphere. A student delivered an inspiring speech highlighting the relevance of SDG 10 – Reduced Inequalities, emphasizing equality, justice and respect for all. The programme reminded everyone of the values of bravery, unity and compassion that continue to guide us today.

JOURNEY SO FAR

The journey of NISHCHAY for SDGs from July to December has been truly enriching and inspiring. What began as an initiative gradually evolved into a powerful learning experience for our students. Through diverse activities, discussions, and hands-on engagements, students have gained a clear understanding of what the Sustainable Development Goals stand for and why they are important. They now view SDGs not merely as concepts, but as collective responsibilities. A significant highlight of this journey has been the emergence of 17 SDG Ambassadors, who actively promote awareness and inspire their peers to take meaningful action. This enthusiasm reflects a growing commitment towards Mission 2030. As we step into the upcoming year, we look forward to working with renewed energy, dedication, and collaboration to further strengthen this mission and contribute towards a sustainable future.

TEAM NISHCHAY

WISHES YOU A VERY

**Happy
New year**
