Torch Bearer of SDGs

“I don’t believe in work–life balance. I believe in work–life integration. Make your work and life meaningful and fulfilling, and they will complement each other.”

Pg. 109) – The Wit & Wisdom of Ratan Tata

As Ratan Tata ji said this, I felt deeply motivated to see the TCS project not merely as a school activity, but as an integral part of my life. Every little detail connects with the Sustainable Development Goals, filling this journey with purpose and meaning. The experience of being an SDG ambassador on the TCS platform was truly fantastic—learning through games, facing failures, celebrating success and above all, discovering inner strength. This journey has touched my heart and I promise myself to work harder, with passion and dedication, to make this project shine even brighter.

September too brought many enriching experiences that added value to our SDG journey. As per our monthly planner, students performed the “Switch the Role” activity where they stepped into the shoes of teachers to understand their responsibilities more deeply. Heartfelt letters were written to Haryana Heroes, honouring their sacrifices and courage. We also organised an inter-house SDG Quiz filled with exciting rounds that enhanced awareness and knowledge about sustainable development. Alongside, the visit of our mentors became a guiding light, inspiring us with their valuable suggestions and encouragement.

All these moments have not only strengthened our bond with the SDGs but also taught us the true essence of teamwork, gratitude and purposeful learning.

An Inter-House SDG Quiz was organized for the students of grade VI to enhance their awareness and understanding of the Sustainable Development Goals (SDGs). The event was filled with enthusiasm and healthy competition as participants from all four houses showcased their knowledge and quick thinking across multiple rounds.

The quiz comprised various engaging segments, including an MCQ round, case-based questions, logo identification, and a buzzer round. Each round was designed to test not only the students' factual knowledge but also their analytical and problem-solving skills. The active participation of students kept the audience engaged, while the buzzer round brought in a wave of excitement and suspense.

After a closely contested battle of minds, Shanti House secured the first position, followed by Shradha House in second place and Shakti House in third place. Satya House was awarded the consolation prize for their commendable performance.
